### Summer Camp is often the highlight of a child's year

The first day of summer camp is the start of a magical experience for all of our campers. Our staff and counselors create an environment where nothing is too scary to try once and where every day offers new surprises and friends.

### A great camp experience starts with a great Staff

Camp Desert Star prides itself with a staff that is second to none. Our administrative staff, unit leaders, counselors and specialists are experienced men and women whose energy, enthusiasm, compassion, and skills make camp a special place. All staff attends an extensive orientation and training that includes individual and creative programming, group dynamics, conflict resolution, first aid and safety procedures. We are also proud of our Israeli Counselors that come for the summer.
